Consequently the original passage was identical with Mark xi. 25; and the Lord's Prayer in its entirety is a later insertion in Matthew. Possibly the whole was taken over from the "Didache" (viii. 2), which in its original Jewish form may have contained the prayer exactly as "the disciples of John" were wont to recite it.

The Gospels give abundant evidence of the centrality of prayer in Jesus' own life, from his baptism to his crucifixion. Today, a new generation of disciples is learning, as did the disciples of old, the necessity and the power of prayer. We struggle with prayer, as did they. We, too, ask, "Lord, teach us to pray." Can the time-worn and perhaps overly-familiar words of the "Lord's Prayer" be more than a kind of spiritual pacifier for us today? Are there hidden in these simple words concepts that can stimulate and challenge us? Happily, the answer to both questions is yes, as the reader of this booklet by Brad Young will discover. We believe that what is printed here merits the attention of Bible scholars, of clergy, and of serious lay persons. It beautifully illustrates the premise on which the Center for Judaic-Christian Studies is founded: that studying the Hebrew heritage of our faith and the Jewish background to the life and teachings of Jesus of Nazareth can substantially enhance the quality of our spiritual lives as believers.

Chemnitz examines each petition of the Lord's Prayer from how many words are used to the content and order of the petitions.

Our Father is an accessible but theologically astute book, employing sound biblical scholarship, systematic theological reflection, and socio-cultural assessments which aid understanding of the profound implications for our time in history and of the sixty-seven words that comprise the Lord's Prayer.

This first publication to emerge from the Society of Biblical Literature's seminar group on prayer in the Greco-Roman period includes, in addition to the editor, contributions by Barbara E. Bowe, Barbara E. Reid, Agneta Enermalm-Ogawa, Mark Harding, Mark S. Kiley, and Steven F. Plymale. The opening chapter addresses some of Joachim Jeremias's contentions concerning Luke's shortened version of the Lord's Prayer. Linguistic and thematic affinities between the Matthean version of the Lord's Prayer and the sayings in the Sermon on the Mount are then considered, as is the Prayer of Simeon and its relation to the sanctioning power of prayer texts in Luke-Acts. After revisiting Jesus' transfiguration experience to determine what really happened, the book turns to the prayers and benedictions in Josephus's Antiquities and to the long prayer that concludes 1 Clement. An exhaustive bibliography on the Lord's Prayer and other prayer texts from the Greco-Roman period comprises the second half of the book. Beginning with a stylistic and genre analysis, the bibliography lists general studies, Hebrew Bible, Jewish texts, New Testament, early Christian texts, magical texts, Gnostic, Hermetic, Manichaean, and Madaean texts, and papyri and inscriptions.

The author writes: The so-called 'Lord's Prayer' is full of surprises. For one thing, the Lord could never have used it himself, with its central and longest plea for forgiveness. Though he gave it as a model for private prayer, it has become the most common corporate liturgy of the church. Its brevity is striking, consistent with his criticism of pagan devotions with their 'many words'. Above all, it is comprehensive, covering all the basic concerns of a Christian, while clearly indicating that these should cover God's needs (honour and loyalty) before his or her own (food and forgiveness). Even though it begins with God, whom Jesus called 'my' Father, but we must say 'our' Father, it ends with the devil: deliver us from the evil (one). It is for weekdays rather than Sundays. Try using it for a month.

"The contents of this volume have arisen from my own spiritual experience and do not represent any kind of hypothesis or speculation, except where I expressly say that I am unable to make any definitive statement about a particular event or set of circumstances..." After she received the stigmata in 2004, Judith von Halle began to experience, very vividly, events that occurred during the time of Christ. These continuing experiences are not visionary or clairvoyant but actual participation in those events, involving all human senses. To complement this method of witnessing Christ's life, von Halle brings a spiritual scientific method of observation, a form of research based on consciously crossing the spiritual threshold by the human "I." Combining the results in this study, she describes the Lord's Prayer, the archetypal prayer of humanity, and Christ's presentation of it to those closest to him, as well as the context in which he gave it. Judith von Halle considers the historical circumstances at the time of Christ, the preparations he made for passing the prayer on to others, the prayer's meaning to the disciples, and how the Lord's Prayer acts as a mediator between worlds. Moreover, she reflects on the doxology of the Lord's Prayer and its relationship to the Sephiroth Tree. This slim volume will be of value to anyone interested in a deeper understanding of the Lord's Prayer and its meaning for the world. C. Clifton Black provides a thorough analysis of the most famous prayer in the Christian church, the Lords Prayer. He begins with an impressionist painting of how the ancients prayed during Jesus time in order to set the context for understanding the prayer he taught his disciples. Throughout the book, Black systematically interprets the rich meanings of each part of the Lords prayer. Additionally, he includes an overview of Christian thought on the Lords Prayer from early church mothers and fathers like Tertullian and Teresa of Avila to modern theologians like Karl Barth. Uniquely, this book is an academic study of the Lords Prayer with a focus on the rhetorical culture from which it developed as well as the theological, literary, and historical meanings of the prayer
