Mental health training is one of our key ways of changing the experience of people affected by poor mental health in this country. We aim to enable people to feel more comfortable and confident to talk about mental health and know more about how to respond when problems arise. Our training courses are designed to improve the lives of people affected by mental illness. We do this by drawing ...

Assistants -- or psychiatric technicians -- help physicians, health practitioners and psychiatrists work with patients with mental or emotional disorders. This line of work takes compassion and physical stamina, and more than half of workers have formal training. Licensure is required in four states, and certification is available ...

Mental Health Assistant Job Description | Career Trend

Mental Health First Aid (MHFA) is a training course which teaches people how to identify, understand and help someone who may be experiencing a mental health issue. MHFA won't teach you to be a therapist, but it will teach you to listen, reassure and respond, even in a crisis – and even potentially stop a crisis from happening. You'll learn to recognise
