National Geographic Kids Readers: Manatees (National Geographic Kids Readers) - eBook

Explores the world of manatees, including their habitats, physical characteristics, diet, behavior, and threats to their environment.

National Geographic Primary Readers is a high-interest series of beginning reading books that have been developed in consultation with education experts. The books pair magnificent National Geographic photographs with lively text by skilled children's book authors across four reading levels. Level 3: Becoming independent Best suited to kids who are ready for complex sentences and more challenging vocabulary, but still draw on occasional support from adults. They are ideal for readers of Purple and Gold books. In this level 3 book, young readers will explore the underwater world of lovable manatees. Follow these gentle giants, sometimes called "sea cows," through their marshy habitats; learn how manatees raise their young and discover the threats to their environment. Beautiful photos and carefully levelled text make this book perfect for reading aloud or for

independent reading.

This series goes behind the scenes with the people who research and photograph wild animals to put the reader right into the action; each title includes a scientific experiment, a glossary, a facts at a glance section and more.

National Geographic Face to Face Readers is a high-interest series of books for confident, independent readers that have been adapted to a Key Stage 2 audience by education experts. The books pair magnificent National Geographic photographs with lively first-person text and fascinating facts about the natural world. Dive deep into the watery world of Manatees with an experienced nature photographer and learn all about these gentle giants. Written in an engaging and fun to read format, the captivating photos and fascinating facts are perfect for encouraging the future explorers and marine biologists of tomorrow! Level 5 readers are ideal for kids who are confident in reading independently and ready for the challenge of varied sentence lengths, some technical vocabulary and increasing inference.

Everyone loves the smile on a dolphin's face. Though smart enough to become theme park tricksters, dolphins are first and foremost wild mammals. Melissa Stewart's lively text outlines our responsibility to conserve their natural environment. This high-interest book also offers an interactive experience to boost awareness of these adorable creatures. National Geographic supports K-12 educators with ELA Common Core Resources. Visit www.natgeoed.org/commoncore for more information.

This comical, adorable, and fascinating reader documents the lives of monkeys living in the wild and includes details regarding their behavior, families, and environment. The carefully constructed text guarantees a successful and rewarding reading experience for level 2 readers who are able to read alone, with minor assistance. The photography and extras featured in this title ensure a fun and interactive experience for the reader. National Geographic supports K-12 educators with ELA Common Core Resources. Visit www.natgeoed.org/commoncore for more information.

A boy imagines that he is a manatee, sprinkling seaweed on his Raisin Bran-atee and dignifying his watery domain with his wit, sophistication, and urbanity.

All titles in this collection are by Laura Marsh and previously copyrighted in A2014, A2012, and A2011, by the National Geographic Society.

Noted for their curiosity and playfulness, manatees favor warm water and long naps. Created by a noted naturalist, this coloring book profiles the biology, behavior, and history of these lovable and endangered marine mammals.

From woolly mammoths to saber-toothed cats, prehistoric mammals once roamed Earth. With beautiful and engaging illustrations, authentic photos, and accessible text, kids will learn all about these mighty mammals in this level 2 reader.
