I. The subjects of every state ought to contribute towards the support of the government, as nearly as possible, in proportion to their respective abilities; that is, in proportion to the revenue which they respectively enjoy under the protection of the state.... II. The tax which each individual is bound to pay ought to be certain, and not arbitrary.

Taxation is a discipline that does not receive sufficient academic

Read Online State And Local Taxation Principles

attention. It is typically viewed as a subset of law, accounting, public policy, economics, or finance. In this respect, most academic efforts in the field of taxation are shadowed by a mother discipline. There is currently an unprecedented need to approach tax pedagogy in a way that is independent of another discipline. This book caters to that real and unmet need in tax pedagogy. One of the book's advantages is that it is not tied to a specific tax year and does not coddle the reader with volumes of time-sensitive information. In this book the tax year is never the focus, as the center stage is reserved for teaching the principles and skills necessary to independently find

Read Online State And Local Taxation Principles

And Planning answers. The reader will learn to appreciate the complexity of the American tax system and will be endowed with the contextual understanding necessary to formulate educated opinions about how taxes work and, most importantly, why. Contrary to common belief, taxation in the United States has remained fairly stable for the last 100 years. This book uses the federal individual income tax as a vehicle to unveil the mechanics that make up the American tax system. This book is essential reading for students taking a first course in taxation, at the undergraduate or graduate level, as part of programs in accounting, law, public administration, or business at large.

Read Online State And Local Taxation Principles And Planning

The book gives an overview of the various types of taxes imposed in United States at both state and local levels. The focus is in the U.S federal income tax system; particularly the principles and rules governing the U.S. treatment of corporations, partnerships and international transactions.
