A New York Times Bestseller An unflinching account of what it means to be a young black man in America today, and how the existing script for black manhood is being rewritten in one of the most fascinating periods of American history. How do you learn to be a black man in America? For young black men today, it means coming of age during the presidency of Barack Obama. It means witnessing the deaths of Oscar Grant, Trayvon Martin, Michael Brown, Akai Gurley, and too many more. It means celebrating powerful moments of black self-determination for LeBron James, Dave Chappelle, and Frank Ocean. In *Invisible Man*, *Got the Whole World Watching*, Mychal Denzel Smith chronicles his own personal and political education during these tumultuous years, describing his efforts to come into his own in a world that denied his humanity. Smith unapologetically upends reigning assumptions about black masculinity, rewriting the script for black manhood so that depression and anxiety aren't considered taboo, and feminism and LGBTQ rights become part of the fight. The questions Smith asks in this book are urgent--for him, for the martyrs and the tokens, and for the Trayvons that could have been and are still waiting.

The radiant, posthumous second novel by the visionary author of *Invisible Man*, featuring an introduction and a new postscript by Ralph Ellison's literary executor, John F. Callahan, and a preface by National Book Award-winning author Charles Johnson "Ralph Ellison's generosity, humor and nimble language are, of course, on display in *Juneteenth*, but it is his vigorous intellect that rules the novel. A majestic narrative concept."--Toni Morrison In Washington, D.C., in the 1950s, Adam Sunraider, a race-baiting senator from New England, is mortally wounded by an assassin's bullet while making a speech on the Senate floor. To the shock of all who think they know him, Sunraider calls out from his deathbed for Alonzo Hickman, an old black minister, to be brought to his side. The reverend is summoned; the two are left alone. "Tell me what happened while there's still time," demands the dying Sunraider. Out of their conversation, and the inner rhythms of memories whose weight has been borne in silence for many long years, a story emerges. Senator Sunraider, once known as Bliss, was raised by Reverend Hickman in a black community steeped in religion and music (not unlike Ralph Ellison's own childhood home) and was brought up to be a preaching prodigy in a joyful black Baptist ministry that traveled throughout the South and the Southwest. Together one last time, the two men retrace the course of their shared life in an "anguished attempt," Ellison once put it, "to arrive at the true shape and substance of a sundered past and its meaning." In the end, the two men confront their most painful memories, memories that hold the key to understanding the mysteries of kinship and race that bind them, and to the senator's confronting how deeply estranged he had become from his true identity. In *Juneteenth*, Ellison

evokes the rhythms of jazz and gospel and ordinary speech to tell a powerful tale of a prodigal son in the twentieth century. At the time of his death in 1994, Ellison was still expanding his novel in other directions, envisioning a grand, perhaps multivolume, story cycle. Always, in his mind, the character Hickman and the story of Sunraider's life from birth to death were the dramatic heart of the narrative. And so, with the aid of Ellison's widow, Fanny, his literary executor, John Callahan, has edited this magnificent novel at the center of Ralph Ellison's forty-year work in progress--its author's abiding testament to the country he so loved and to its many unfinished tasks.
