An expert in Chinese philosophy explains facets of Taoism using Milne's famous character and explores the world of Winnie-the-Pooh through Tao, characterizing Pooh as a simple bear who subscribes to the principles of successful living

The author and the characters from the Pooh books engage in dialogue elucidating the Taoist principle of Te, the Way of the Small.

An utterly unique and accessible introduction to the ancient principles of Taoism with the world's favourite bear, Winnie-the-Pooh and his friend Piglet. Winnie-the-Pooh has a certain way about him, a way of doing things that has made him the world's most beloved bear, and Pooh's Way, as Benjamin Hoff brilliantly demonstrates, seems strangely close to the ancient Chinese principles of Taoism. And as for Piglet, he embodies the very important principle of Te, meaning Virtue of the Small. "It's hard to be brave," said Piglet, sniffing slightly, "when you're only a Very Small Animal." Rabbit, who had begun to write very busily, looked up and said: "It is because you are a very small animal that you will be useful in the adventure before us." Benjamin Hoff's explanations of Taoism and Te through Pooh and Piglet show that this is not an ancient and remote philosophy but something that you can use, here and now. Beautifully illustrated by E H Shepard.

Applying the ancient yet timeless 81 principles of Taoism to parenting, The Tao Of Parenting features instructive anecdotes from four families to demonstrate how Taoist teachings help parents raise good, healthy children. The stories are just as diverse as the families who tell them (a blended family featuring children from separate marriages, a couple with different cultural and ethical backgrounds, a single parent of twin boys, and a couple with different parenting techniques learning to compromise). Some of the Taoist principles used by these families include: *Do Not Think of Self. Shows the rewards parents receive by making their children their number one priority. *The material is fleeting, the spiritual is everlasting. Demonstrates the rewards of caring for those in need. *Do Not Be Authoritarian. Shows how to foster self-reliance and responsibility in children while supporting their efforts, rather than controlling their every move. *Follow the middle road; it is the heart of knowing. Offers the benefits of parents being neither too permissive or too strict, but rather adjusting the rules for each child and each circumstance. There are many more valuable lessons in this special book which can be used by parents of all faiths to help guide their lives and those of their children.

From the bestselling author of The Tao of Pooh, a uniquely authentic translation of the enduring Tao Te Ching, based on the meanings of the ancient Chinese characters in use when the Taoist classic was written From Benjamin Hoff, the author of The Tao of Pooh and The Te of Piglet, which have sold millions of copies, comes a new translation of the Tao Te Ching. The original author (or authors, as Hoff makes the provocative claim that there may have been more than one) streamlined the folk religion of China down to its foundation and rebuilt it as a man-in-nature philosophy, incorporating his advanced spiritual, philosophical, social, and political ideas. Ever since its creation, the Tao Te Ching has stood alone among the world's writings. There was nothing like it before it appeared, and there is still nothing like it now. Unlike a good deal of Chinese writing, old and new, the Tao Te Ching makes no reference to specific individuals or events, whether of the then-past or then-present. It is not historical, nor classical; its world is the world of now. Laboring over the ancient text for seven years, Hoff tackled this project by following the same principles he learned while employed by a master restorer of valuable but damaged antique objects: Thoroughly research the history of the object; remove all misguided, historically incorrect alterations and repairs; patch and fill where necessary; match the new work to the old so seamlessly that no one will detect a difference in treatment; honor the materials and its design; and honor the tradition that has formed around the object over the years. This unique interpretation of the Tao Te Ching shows what is possible when a translator truly partners themselves with someone of another time, another place, and another language.

Appealing to adults who are actively searching ways to join the JOMO movement (Joy of Missing Out and being content just "being"), A Walk in the Wood also makes for a perfect gift for stressed-out family members and friends.
